### Durian Basque Burnt Cheesecake

Originating from Spain, the burnt Basque cheesecake is a crustless cheesecake baked at a high temperature, which has gained popularity over the last few years. Inspired by Orchard Hotel Singapore Pastry team's love for the 'King of Fruits'- the Durian, this uniquely Singaporean cheesecake hits all the right notes with a creamy, custard-like interior full of D24 durian. As one of the most popular durian varieties, the D24 durian has a pale-yellow flesh with a rich and creamy texture. Gula Melaka and coconut milk is also added to help blend the taste of durian and cream cheese together into one creamy delicacy! Laced with a light pungency from the D24 filling that delicately cuts through the full-bodied cream cheese, our Basque Burnt Cheesecake makes for an irresistible indulgence that strikes a balance between sweetness and tartness.

### **Coconut Malibu Mousse Cake**

If you are dreaming of a Caribbean vacation, we aspire to bring the flavours of the world directly to you at The Orchard Cafe – no passport required! Moist and refreshing, the Coconut Malibu Mousse Cake uses the fabulous flavour of Malibu Original-Coconut flavoured Caribbean Rum, Coconut mousse and Sarawak pineapple for a delicious dewy cake that is perfect for any comforting catchup with loved ones. The combination of these flavours evokes a cool and stimulating taste that is perfect for sunny Singapore. In particular, the Sarawak pineapple lends a beautiful colour, a pleasant bittersweet taste and fruity fragrance that may conjure heady daydreams of the Caribbean islands.
